### Location

Cover : Church from south.

### **Introduction**

The former parish church at West Argyle Street, Ullapool is now Ullapool Museum. It served as a church for 100 years. Inhumations have taken place here from its earliest beginnings and continue to the present day.

### **Church History**

The church was built in 1829 by the British Fisheries Society over a plan to rebuild the original parish church by Parliament. Whilst Parliament paid for the church, the British Fisheries Society paid for the building of the manse. It was opened on 14<sup>th</sup> April 1829 at a cost of £900.

In 1834 it was recorded that no seat rents had been collected due to a failure in the herring trade. The minister was paid a stipend of £120.

The church was made surplus to requirements in 1929 with the unification of the United Free Church and the Established church, the former Free church in Mill Street, Ullapool becoming the main place of worship. The last service in the church, a marriage, was held in 1935. Afterwards it had a variety of uses including a mortuary and a foodstore until 1988 when as part of the village's bicentenary celebrations it was converted into a museum and visitor centre.

### **Ministers of the Church**

No former ministers of the parish are commemorated within the churchyard.

Ministers are as follows :

- 1829 - 1855 - Alexander Ross
- 1856 - 1868 - Charles Maclean
- 1869 - 1871 - Peter Robertson
- 1871 - 1878 - James Grant
- 1878 - 1883 - Joseph M'Innes
- 1884 - 1890 - Angus MacDonald
- 1891 - 1913 - Angus MacDonald
- 1913 - 1919 - James A D J MacDonald
- 1920 - 1929 - William U Macnab

### **Church Fabric**

The church is in a T-plan of rough ashlar and harled, except to the south. Tudor style doors and windows. A pinnaced bellcote with a slate roof. Inside is a gallery which is only one of three of this kind to be built.

### **Date and condition of Monuments**

The memorials in the churchyard date from the late 19th century to the modern day. They are in a variety of styles including headstones, rusticated, obelisks and pedestals. The vast majority are in good condition.

## **Recording Form**

For the purposes of this survey a recording form was devised based on that recommended by the Council for British Archaeology (Jones 1984). 1. Full inscription, including all genealogical information.
  2. Type and style of monument.
  3. Orientation and size.
  4. Material used.
  5. Photograph : a colour print (4x5) for attachment to each recording form.
- Also that details of carvings or other comments could be recorded.
