52 TEXT

"NG 618548. Doire na Guaile : a depopulated township at the S end of Rona, comprises about 12 ruined houses, and about 8 outbuildings. There are one or two small enclosures, and lazy-beds cover the sheltered places among the outcrops of rock, principally to the N of the township. Doire na Guaile was probably one of the Rona townships created through the evictions of Mr. Rainy of Edinburgh who bought Raasay in 1846, and sent to Rona those unwilling to go to Australia etc, and was probably finally depopulated when Rona people were given crofts in the Fearn's district of Raasay in the 1920-30s, according to Miss Nicholson, 'Eilean Tigh', Raasay and Mr. Macleod (shoemaker) of Clackan, Raasay."
