DOROTHY

Mrs Farrley phoned for you at 10.50am. She said you would remember her if I mentioned to you about the "Thief Stone". She was in contact with you in 1999. (she has a foreign accent).

She would like to speak with you again and would appreciate you giving her a call. It isn't in connection with the Thief Stone but something else.

Her telephone number is: (01349) 852591.
