52 TEXT											

" The remains of a field system centred at NH 766 249, now largely obliterated by afforestation. All that survives is a scatter of stone clearance heaps in fire breaks and in an area of modern cultivation to the E of the forest. No huts were noted. Approximate extent delineated on 6" sheet from A Ps and ground perambulation."

(OSFI:AA:16.12.1971)
