Dear Mr Cruickshank

Dr Hingley of Historic Scotland has notified us of the recent exposure of the bases of the two symbol-stones at Congash, and the proposal to refill the disturbed area. We would be grateful for the opportunity to improve our record of these stones, by rubbings and photography, before the back-filling takes place. We will, of course, be happy to supply you with copies.

I shall be travelling north with a photographic colleague on Monday, 9 November 1992 and we would like to visit Congash on the afternoon of that day, if that is convenient. Provided the weather is suitable, we would want to complete our work during that afternoon. I shall be on leave for the next fortnight, but I hope to telephone you on 5th or 6th November to check details of access.

Yours sincerely = =
