52 TEXT

"Three well-preserved buildings are situated amongst trees on the S side of Loch Scresort 530m E of Kinloch schoolhouse. The largest measures 10.1m by 4m within a wall 1m thick and 1.6m high. The other two, which both show evidence of reconstruction, may originally have formed one building measuring 8m by 3.3m internally. About 60m to the SSW there is another small building; and 100m to the WSW two others, which show evidence of several periods of construction but were still roofed in 1877." (1)

"Visited June 1983."

"RCAMS 1983, 9, NO.20."
