ARCHAEOLOGICAL PHOTOGRAPHIC RECORD

GOSLPIE TOWER

November 2001

Introduction

Following an outline planning application for conversion of existing derelict croft houses and erection of a single dwelling at Golspie Tower in Sutherland, a photographic record of the existing buildings was requested prior to any alterations as part of the Planning Conditions.

This report fulfils this Planning requirement.

The 'plot' is located approximately 1 Km North of Golspie at Golspie Tower, see attached Site Location Plan.

The 'plot' comprises two croft houses which are linked, these are proposed to be altered to a garage and workshop, and an existing croft which will remain as a dwelling, two derelict outbuildings comprising of the wall foundations are also evident as is broken down walls. The plot extends to 1.86 acres.

For the existing layout of the buildings see Plan of Existing Layout.

The survey of the buildings was undertaken in November of 2001, and all photographs were taken at this time.

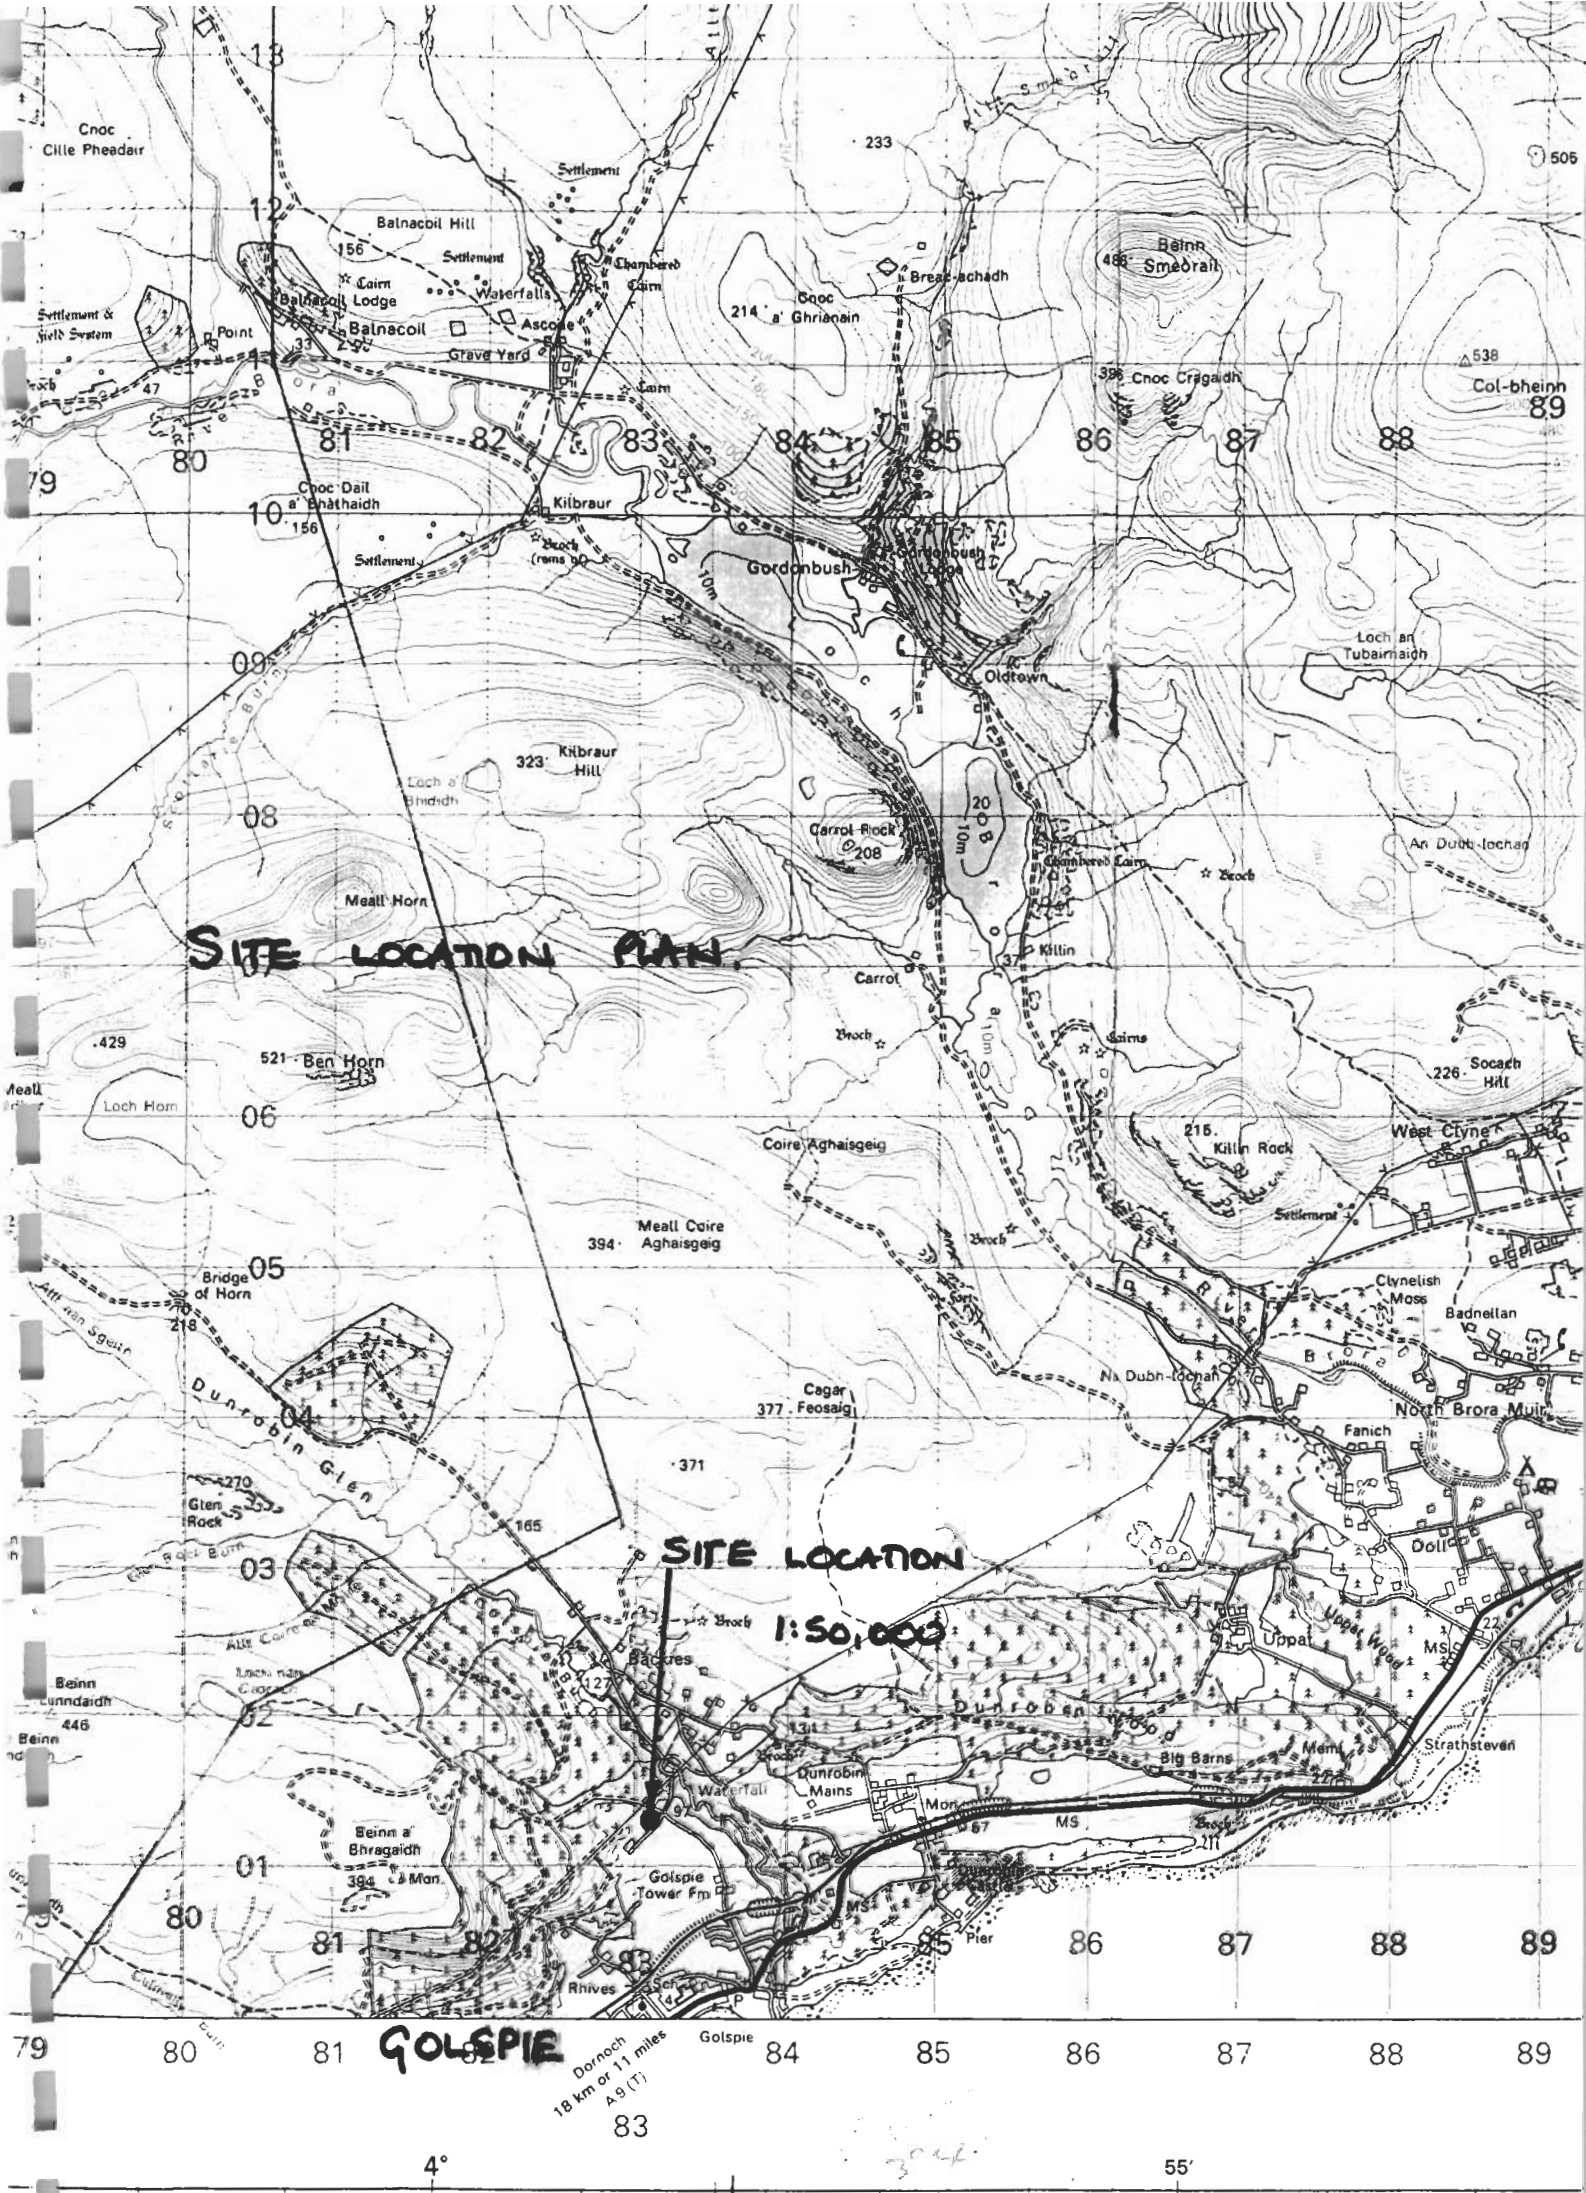

Detailed surveys of the internal layouts of buildings 1 and 2 are attached at a scale of 1:50, internal photographs can be related to these internal layout plans.

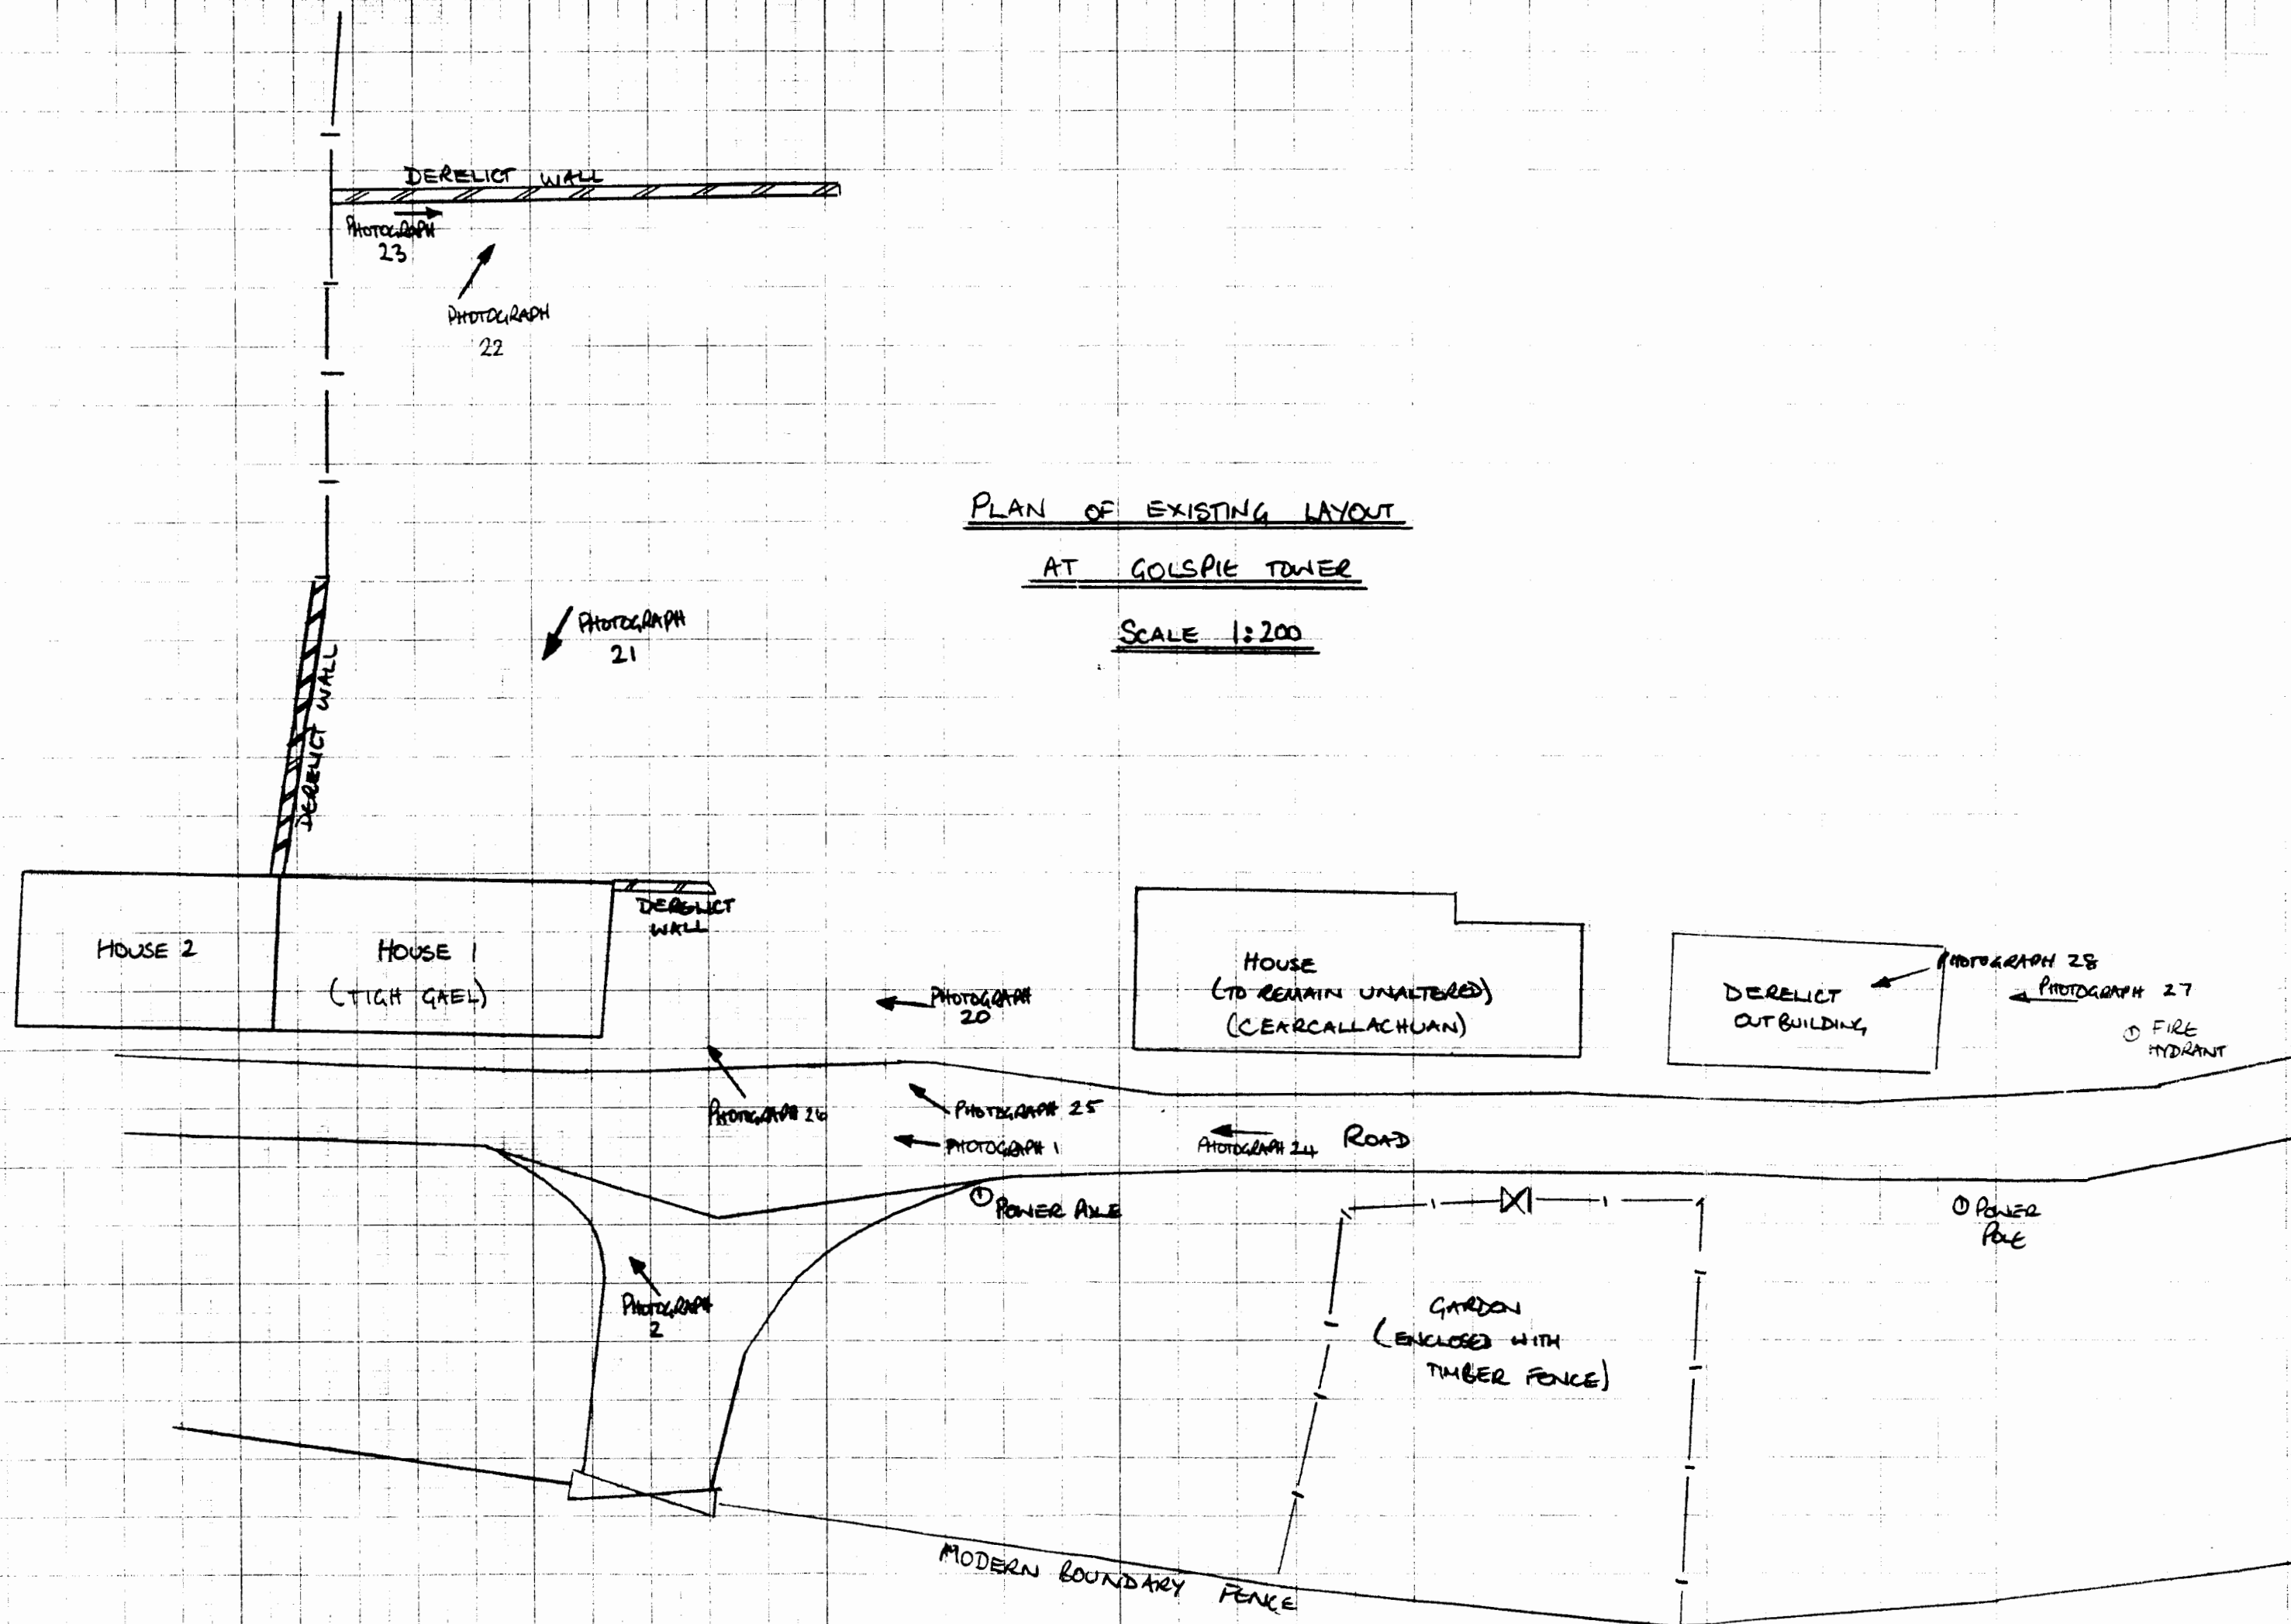

External photographs are attached and their location is as detailed on the existing layout plan.
